HEALTHY FAMILIES PROGRAM update...

The Healthy Families Program (HFP) will be processing applications on the waiting list based on the date the application was received with the oldest applications being processed first. They anticipate that it will take about 30 business days to process all applications for wait-listed children.

You may continue to enroll children into the HFP, new applicants will go to the bottom of the wait list and their applications will be processed in the order it was received.

For those children currently on the wait list, HFP will be working with families to obtain more recent proof of income. Regulations require that the eligibility determination be based on acceptable proof of income, which includes a paycheck stub issued within the last 45 days, previous year's 1040 Tax Return Form, etc.

Insurance Plans Contact Info.
